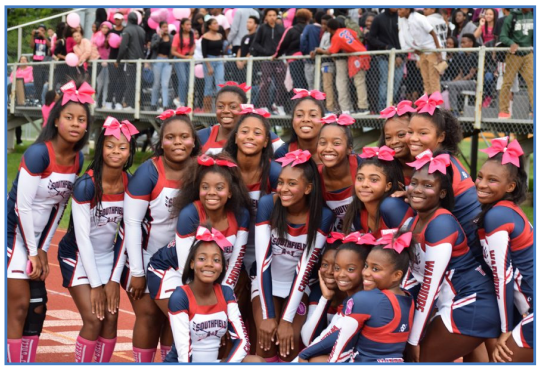
SOUTHFIELD A&T STUDENTS HONOR LATE CLASSMATE WITH "PINK OUT"



To honor the late Southfield High School for the Arts & Technology student Kara, the Warrior cheerleaders wore pink hair ribbons to last week's football game against Lake Orion. The "pink out" was organized by senior Alicia Buford and other friends of Kara, as pink was her favorite color. Members of the crowd also participated by wearing pink and bringing pink balloons to celebrate Kara's life.

All Southfield A&T students were also invited to wear pink to school this past Tuesday. Five dollar tickets were sold to participate in the "pink out" and all proceeds were donated to Kara's family. Social studies teacher Andrew Green co-sponsored the fundraiser in coordination with student council and other student groups.

Southfield Public Schools is starting up its "Teacher of the Month" program again this year to show appreciation to our hardworking and dedicated teachers who spend countless hours supporting and helping our students succeed. Anyone can nominate a teacher by clicking **HERE** or by visiting the SPS website homepage, clicking on the "Teacher of the Month" spotlight and filling out the short form online!
