Middle School (Incoming Math 6, 7 & 8 students)
Summer Math Practice
Edmentum/Study Island Exact Path

Dear Parents and Guardians,

Summer is fast approaching, and we want our students to keep practicing the skills and concepts they experienced in our math classrooms over the summer to be prepared for the next grade. We (the Southfield Public School math teachers) have developed an individual plan for students, based on their Spring NWEA MAP results, to help prepare them for the next grade. Students will log into their Edmentum/Study Island account to complete their summer work. Once logged in, they will select their classes and then select My NWEA MAP Learning Path and finally select Mathematics Topics for your student. Using this program will ensure that students receive immediate feedback and support throughout the summer.

Your student should practice regularly during the summer (about an hour a week), rather than waiting to complete all of the exercises in one sitting. **Students are to complete 10 activities (mastery tests) to receive full credit.** Please note that Internet is required to access the work. The Southfield Public Library Summer Hours are Mondays and Wednesdays 1 p.m. - 9 p.m.; Tuesdays, Thursdays, and Saturdays 9:30 a.m. - 5:30 p.m. and Fridays 1 p.m.- 5 p.m.

Students are expected to arrive on the first day of school, Monday, August 27, with the 10 activities COMPLETED. Teachers will check in the summer math material in class and then move forward in the curriculum. For full credit, students must complete 10 activities/mastery tests. The work will count for homework/classwork points.

Thank you for supporting your child's mathematical success. We look forward to seeing you again in the fall!

Sincerely,

Southfield Public Schools Middle School Mathematics Teachers

Mathematics Summer Practice Pacing

Directions: All assignments are in Study Island/Edmentum Exact Path. Keep track of the topics you explore. It is suggested that you complete a minimum of 1 activity/mastery test per week to ensure a stress-free completion of all required work. Have your parents sign off on each week of work. This is progress tracker and 10 activities in Exact Path are due upon your return**, Monday, August 27, 2018.**
