Greetings from Southfield Public Schools

It is with great excitement that I welcome you to the 2018-2019 school year. Throughout the summer, our administrators, teachers and support staff have been working tirelessly to prepare our classrooms, grounds, and educational facilities for our children’s return to school. Time has been spent re-aligning our curriculum and educational resources to more fully support teaching and learning. All course offerings in every school will provide the necessary increase in rigor to ensure that our students develop creative problem-solving and critical thinking skills needed to solve complex challenges. In addition, we have infused advancements in our fine and performing arts offerings, as well as our technical career and technical education programs. Also, this year our international baccalaureate and advanced placement course offerings will be available to more students.

One of our many goals this year is to actively encourage our students to take ownership of their learning and development. There will be a strong emphasis placed on students, as active learners, who participate in class through collaboration, demonstration, and application of knowledge. To this end, we still need the full support of our parents and community stakeholders to encourage our students at every opportunity to push for excellence.

The Southfield educational community has long been a progressive community rich with diversity and supported by citizens who strongly believe in the development of its young people. As your superintendent, I am proud to serve such a community.

Therefore, it is with great pride that I ask you to join us this year in our mission to, “Make Every Student a Successful Learner and Every School a School of Excellence,” in the Southfield Public Schools Community.

Dr. Jennifer Green
Superintendent, Southfield Public Schools

Stevenson Elementary is a Michigan Blue Ribbon Exemplary School with a curriculum that involves an emphasis on reading and writing in all core content areas. An AP Prep program is offered for advanced learners. Stevenson hosts multiple family events each year, including a science fair where each student creates a science fair investigation to put on display.

The elementary school also places a heavy emphasis on community service, with several student-led service projects taking place each year. Stevenson features a Bully-Free and Positive Behavior Intervention Program as well as a Buddy Program where upper-grade students mentor lower-grade students.

Thompson K-8 International Academy
16300 Lincoln Drive, Southfield 48076
(248) 746-7400

Thompson K-8 International Academy is an accredited International Baccalaureate Programme. All students are exposed to the Primary Years and Middle Years Programme. IB students are open-minded, critical thinkers who appreciate differences and analyze the world through multiple lenses. Students are taught how to think not what to think and are engaged in activities that extend their knowledge and encourage them to seek answers to their own questions. Thompson students are given the opportunity to apply the knowledge they learn in a manner that pushes them to problem solve and allows them to understand the global implication all their choices, in their local community and the world. Thompson is proud of their award-winning communications program that allows students to develop their verbal and nonverbal communication skills which develops outstanding public speakers.

MacArthur K-8 University Academy
19301 W. 12 Mile Road, Lathrup Village 48076
(248) 746-8590

MacArthur K-8 University Academy is a college-prep school that creates well-rounded learners. Most 8th graders matriculate to University High School Academy. Students receive high-quality, challenging learning experiences which include K-8 Spanish classes, AP prep courses, differentiated lessons and after-school enrichment. Students also have multiple opportunities to assume leadership roles.

MacArthur Primary and Early Education Center offers a vigorous, advanced curriculum that introduces young learners to advanced concepts in reading, math, science and social studies.

University High School Academy (UHSA)
University Middle School Academy (UMSA)
19301 W. 12 Mile Road, Lathrup Village 48076
(248) 746-4370

The “U” is an all college preparatory examination public high school with a smaller, private school feel. Recognized as a College Board Advanced Placement (AP) Capstone and Official Pre-AP School, students have the opportunity to earn an AP Capstone Diploma or Certificate and to engage in classes designed to increase success on AP examinations and in college.

As a part of the rigorous college-prep curriculum, students take honors and AP courses while also participating in college readiness seminars and exceptional field experiences. Since 2013, UHSA has been listed as one of the “Best Schools in America” by Newsweek. The “U” also ranks second in the State of Michigan for college/university enrollment (based on 2017 data).

The University Middle School Academy is a challenging, high school preparatory program for 6th through 8th grade students. Students are challenged to think critically and take accelerated math courses. Along with the high school students, UMSA students may participate in international educational tours, leadership seminars and fine arts courses, including dance and music.

Preschools & Centers

Southfield Regional Academic Campus
21705 Evergreen Road, Southfield 48075
(248) 746-0012

Southfield Regional Academic Campus is the alternative high school for Southfield Public Schools preparing students in grades 9-12 for on-time graduation.

Students who attend Southfield Regional have the unique opportunity to complete recovery credits and have the ability to earn extra credit hours more than a traditional high school provides on site. Additionally, students are able to enroll at Oakland Community College where they can get a jump start on college courses. Since Southfield Regional Academic Campus has an alternative learning environment available to the student body, our students have received multiple awards at competitions such as the Cobo Hall Science Fair Competition, the No Child Hungry Art Competition and the Inside Out Project. They have also been selected to take part in programs such as the Ford PAS Study Abroad Program.

The ASPIRE Leadership Academy is an alternative middle school program designed for skill set development. The program provides instruction in a small school setting where teachers meet the individual needs.

Kennedy Learning Center
16299 Mount Vernon Street, Southfield 48075
(248) 746-4360

Kennedy Learning Center provides extensive educational services in a nurturing and supportive learning environment. The school is open for instruction year round, and students receive support based on their Individualized Educational Plan (IEP).

Our staff is committed to providing high-quality classroom instruction along with community-based work experiences that support student growth. Best practices are implemented in the curriculum to ensure both align with state and national standards as we equip students with life-long skills.

We work in collaboration with parents and community agencies that will allow our students to achieve positive outcomes for a healthy and meaningful life.
